A SPLENDID PAINTING

Howard Hitchcock's New Picture of Kilanea.

ESTABLISHED IN 1858. Mr. Hitchcock's painting of the crater, referred to in Mr. W. R. Castle's letter yesterday, may be seen in the window of the Pacific Hardware Company. It presents DISCUSSION ABOUT SOPER'S SALARY a fine view of the molten lake as it appeared a month ago, from which a stream of lava is flowing down the slope in front. At the back of the lake is an irregular wall of lava, which may be fifty or more feet high, and the daily overflows are so rapidly raising the level of Stoccanolin, Sweden. The Chartered Bank of India, Australia and the lake and decreasing the height of this wall that the wall is report-Bongkong, Yokohama, Japan. And transacta 1356 General Banking Business y ed at latest date to have nearly disappeared. The crater mound has assumed the form of an overturned plate the lava lake occupying the central bottom of the overturned plate. And this lake is estimated to be 1000 or 1200 feet across, it being in shape nearly circular, and from its rim the lava overflows at times on each side.

Readers of this notice will do well to view this picture, and those who have before visited the crater will readily observe the, change from a pit several hundred feet below its present level to a height nearly the same as that of the bank on which the hotel stands. The Volcano is evidently approaching a crisis of some kind-either an eruption will occur on Mauna Los above or below Kilaues, or the "tottom will drop out," and leave a dry and lifeless pit, as occurred three years ago this month of March. The late Wm. L. Green published a table of eruptions of Mauna Los a few years ago, the average being every six years. It is now seven years since thelast one occurred in 1887 in Kau.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ills: "I was badly afflicted with rheumatism to the bips and legs, and I bought a bottle of Chamber lain's Pain Balm. It cured me in three days. I am all right to day; and would insist on every one who is afflicted with toat terrible disease to use Chamberlein's Pain Balm and get well at once." 50 cent bottles for sale by all dealers. The Schuetzen Club Wants Sunday Concerts

Some Members Are Not Willing to Grant It While He Takes a Vacation-The New Appropriation Bill-An Amendment to the Chinese Immigration Law.

The Councils were called to order at 1:35, President Dole in the chair. There were present Ministers Hatch, King, Damon and Smith, and Councillors Ena, Waterbouse, Allen, Emmeluth, Vice President Wilder, D. B. Smith, Mendonca, Bolte, Morgan, Nott and Tenney. Minutes of the preceding meeting

GENTLEMEN: -At a meeting of the International Schuetzen Club, held March 26th, the following resolution was passed: Whereas, The Government has

been petitioned to provide Sunday afternoon band concerts; and Whereas, The Government band is presumably for the entertainment of

all citizens; and Whereas, Many good citizens are unable on account of their occupatious, to attend the concerts given on days other than Sunday; and

Whereas, In this age band concerts are not considered a desecration of the Sabbath, and are allowed and encouraged in old Christian countries; 30d

who canno attend week day concerts is a hardship and a discrimination, therefore be it Resolved, That we respectfully petition your honorable body to provide

Sunday afternoon band concerts. I have the honor to be, Your humble servant, W. J. CUELHO. Secretary I. S. C.

Vabled for consideration with re-The Secretary read also the following petition from the Kawaiahao Christian Association on the same *abject:

To the Executive and Advisory Councils of the Provisional Government of the Hawsiian Islands.

GENTLEMEN: - We, the under-signed, a committee of the Kawaiahao Young Men's Christian Association of Honoluiu, humbly petition your honorable body to refuse, and to indefinitely postpone from your consideration the petition made to your honorable body by the American League for Sunday afternoon band concerts.

And your petitioners will ever pray.

Tabled as above.

The Attorney-General presented a petition from Mrs. Devanche le, statng that her husband had been convicted of smuggling and asking for remission of fine or imprisonment or both. Referred to Judiciary Commit tee. The Minister of Finance presented

the weekly financial statement.

SEPORTS.

The Minister - Foreign Affairs reported for the Judiciary Committee on the matter of Sunday concerts, finding that such concerts would be in conflict with the Sunday law. The report was adopted. Mr. Morgan moved the Judiciary

Committee be instructed to prepare an amendment to the law which would permit the hand to play on Sunday, Carried.

RESOLUTIONS.

Mr. Damon stated that he had prepared the appropriation bill for sal-aries and pay roll. The revenue was a listle over \$3,000,000 for the period, and the bill provided for salaries \$1,510,838. The bill contained several novel features. One allowed it to continue in force after the expiration of two years until new appropriations could be made. In making appropria-tions the salaries had been itemized when feasible, but in other cases lump some had been provided, generally so when the payments were for persons drawing small amounts. This bill, being classified, it was hard to com-pare it with former bills, but such a comparison with the bill of 180002 showed a reduction of about \$60,000. Much time had been spent in an effort to grade officers, so as to secure uniformity of pay among officers of the same grade in different departments. Under suspension of the rules the bill was ordered printed before reading.

UNFINISHED RUSINESS.

The Secretary read for the first time a bill amending the Chinese Immigration Law. The bill is as follows:

An Act relating to Chinese immigration, supplementary to Chapter LXXX of the Session Laws of 1892, passed the 30th day of November, A. D. 1892, entitled "An Act restricting Chinese immigration."

ditions named in Section 2 of Chapter LXXX. of the Session laws of 1892, upon which permits may be granted to Chinese to enter the Hawaiian Islands to engage in domestic service, or as agricultural laborers in the field, or in rice or sugar mills, such

permits shall only be granted upon the further condition that the sum of one dollar and fifty cents out of the wages due the laborer at the end of each month shall be paid by his em ployer to the Board of Immigration in such manner and subject to such regulations as said Board shall direct, until such payments amount in each case to the sum of fifty dollars, to be held as a fund to the credit of the laborer for the uses and purposes here inafter set forth; and that each Chinese laborer for whom such permit is granted shall, upon his entering the Hawaiian Islands, furnish the Minister of Foreign Affairs four photographs of himself, one of which shall

Every employer of Chinese admitted into this country under per-mits provided by said Act who shall fail to remit to the Board of Immigration the amount above provided out of the wages of such laborers, at the times and in the manner directed by said Board, shall be deemed guilty of a misdemeanor and liable to a fine not less than ten nor more than fifty dollars for each failure; and the said Board may thereafter refuse to grant the application of such employer for permits for Chinese to enter this

country. Provided, however, if any such employer shall within thirty days after each such failure show to said Board good and satisfactory reason for such failure, said penalties shall not be im-Whereas, Denial of music to those posed. Sec. 4. This Act shall take effect

from the date of its publication. Mr. Emmeluth moved that where ever the words "domestic servant" occur, they be stricken out.

The Attorney-General explained that this bill was simply intended to give more effect to the law of '92. Mr. Emmeluth said the situation was getting such that unless something was done there would be trou-Yesterday 200 students came in under circumstances that were dis-

graceful. Mr. Morgan said the Chinese were a better class of labor and better as stcrekeepers than the Japanese. He did not approve of this discrimination against the Chinese in the matter of photographs. If the whites did not

Mr Tenney thought the bill could be improved upon, and he had a number of amendments to suggest. If anything was to be done to re-

lieve the stringency in the labor mar-ket the set must not be so loaded up with restrictions as to be inoperative Mr. Emmeluth said any measure which permitted Chinese to stay indefinitely would defeat the restrictive provisions. He favored the putting in the bill the term of years, and requiring the employer to return the men at the end of the term. After a number of remarks by the Attorney-General, Mr. Tenney withdrew his amendments.

Mr. Wilder asked whether the members of the Committee had consulted the Chinese merchants on the photograph requisition. If this would pre-vent our getting Chinese he was op-posed to it. He wanted the restriction as strict as possible, but liberal enough to the Chinese to enable us to get labor. Mr. Bolte said the amendments pro-

posed by Mr. Tenney would suit the Chipese The bill was referred to a special

committee. Second reading of the bill providng a salary instead of commi for the Deputy Tax Assessor of Honoiniu.

The bill passed. The President appointed as the special committee on the Chinese labor bell, Mesers. Emmeluth, D. B. Smith, Wilder and Bolte.

An amount of \$59.25 for uniforms of drum corps was approved.

Minister Hatch asked authority to spend \$368.50 out of the military ap progriation to complete equipment of volunteers. The matter had been recommended by the military and in restigated by the executive. It was

of the volunteers.

Minister Hatch said applications had been made, but they would not know until May 12th, whether they would come.

Mr. Emmeluth asked how many had been applied for. Minister Hatch said 1200.

The President stated that he had granted Col. Soper leave of absence for five or six weeks to go to Califorula. He went partially to investigate military matters. He recom-mended that his pay be continued, and that \$190 a month be approprinted for Lieut.-Col. Pisher during Sopri's a mence.

Be it Enacted by the Executive and Advisory Councils of the Provisional Government of the Hawaiian Islands:

Mr. Morgan objected to Col Soper's receiving pay during his absence, be easied to learn something about military matters, which he was supposed to know already.

Mr. Tenney said the members of the Advisory Council dr w their salaries while away, and he saw no reason why the colonel of the forces should not. [Laughter.]
The President said Col. Soper had

been entirely unassuming, and had never pretended to greater knowl-edge than he possessed. Mr. Emmeluth said no one desired

to depreciate the services of Col. Soper who had done his best, but he did not think the Government should pay him to acquire further knowledge.

The Attorney General said that it was merely a matter of a vacation. Mr. Tenney moved the action of the President in granting Soper leave

of absence be approved.

Mr. Ena said he agreed with Mr. Emmeluth. He ought to pay the salary of his substitute.

D. B Smith agreed with Mr. Ena.

Col. Soper was a particular friend of his, but this was a question of the people's money. He did not believe in paying salary to men when they be attached to the duplicate permit of such laborer on file in the Foreign Office, one shall be attached to a were not doing the work. certificate to be given the laborer, one Mr. Emmeluth moved to add to

Mr. Tenney's motion the words "without pay."

The amendment was lost. The original motion passed Minister Hatch asked leave of absence for Mr. Young for six weeks,

who had been called away too sud-denly to ask for leave himself. Mr. Emmeluth asked under what law per ons were arrested for nonpayment of taxes, and whether they

were not allowed to work it out or The Attorney General said it was under the general tax law passed in 1892. Arrest was only resorted to in

cases of the last necessity. At 3 o'clock the Councils went into executive session.
